Highly motivated Computer Science and Engineering (CSE) student of third year, brimming with a passion for technology. Possessing a strong foundation in core CSE concepts, I'm eager to find opportunities to apply my knowledge and enthusiasm in a fast-paced and collaborative environment. I thrive on contributing to cutting-edge projects and am committed to continuous personal and professional development. Beyond the core curriculum, I'm highly engaged in independent research and analysis of emerging technologies and their market impact. This proactive approach keeps me informed on the latest trends and allows me to contribute valuable insights.

EDUCATION

Bachelor of Technology – Computer Science and Engineering

K L University, Vaddeswaram, Guntur, AP

2022 - 2026

Grade : 8.8 CGPA

Intermediate – M. P. C

Excellencia Junior College, Shamirpet, Hyderabad.

2020 - 2022

Grade : 94.1%

Secondary School Certificate

Sri Chaitanya Techno School, ECIL, Hyderabad.

2020

Grade : 10 GPA

TECHNICAL SKILLS

- Programming Languages
C , PYTHON, JAVA, SWIFT(Basic)
- Web development
HTML/CSS , JavaScript , Django
- Database Management **SQL**
- Operating Systems **Windows, MacOS**

EXPERIENCE

During my summer internship (Summer 2023) as a Data Science Intern at Lera Technologies, Pune, I honed my data analysis (EDA) and data modelling skills by contributing to a real-world project. This project involved leveraging various data analysis techniques to extract valuable insights and develop solutions. By delving into complex datasets and applying advanced regression models, I gained practical experience in tackling data science challenges encountered in professional environments. This internship not only strengthened my technical skills but also provided me with valuable exposure to the workflows and best practices employed in the field of data science.

PROJECTS

- **Online Food Ordering System using Django:**
Developed an Online Food Ordering System using Django, with MySQL for database management, and integrated front-end technologies like HTML and CSS for seamless user experience.

CERTIFICATIONS

Amazon Web Services Certified – Cloud Practitioner, February 2024

Oracle Cloud Infrastructure - Certified Architect Associate, September 2023

Automation Anywhere - Essentials Automation Professional Certified, January 2025

EXTRACURRICULAR ACTIVITIES

- **President, RPA Tech Club, KL University:** I explored Robotic Process Automation (RPA) and its potential to streamline tasks, while fostering strong teamwork skills.
- Created a classic Tic Tac Toe game with a text-based user interface using Python 3. This project provided hands-on experience with object-oriented programming concepts and game logic implementation.
